PUBLIC ANNOUNCEMENT

Alert: Fraudulent ESW Investment WhatsApp group

A WhatsApp group claiming to be administered and run by Mlungisi Lukhele, the CEO of ESW Investment Group, has been created by a third party for the purposes of defrauding would-be investors.

The WhatsApp group, called G1 ESWATINI INV and using a logo from ESW's marketing material as well as the company's registration details, has added phone numbers and promised unrealistic forex trading returns in an attempt to attract deposits from unsuspecting investors.

We at ESW Investment Group have reported the matter to the police and laid charges against the operator of the WhatsApp group. We have informed the Financial Services Regulatory Authority (FSRA) and will continue to work closely with them in pursuing prosecution of the fraudster operating the group.

Investors should be aware that ESW Investment Group would never add anyone to a communication distribution group without prior permission and would not solicit deposits in this way. We would also never promise returns on investments in excess of 100% within days. Therefore we condemn the persons behind the WhatsApp group and their conduct which is not consistent with a licenced financial services provider.

Anyone who has queries about the authenticity of information related to ESW should please contact our offices or Mr Lukhele at our office in Mbabane at +268 2417 1615 or via email at investor.relations@eswinvestmentgroup.com
